

Clarity Blue™

DIANELLA

Dianella hybrid 'DP401' Clarity Blue™ PPAF

Dianella are the ultimate easy care plants. This tough new hybrid gets strong upright Phormium-like growth from one parent, and deep blue color from the other. Plays well with succulents, and makes a great container plant.

USE

Borders, beds, containers, slopes, rock gardens

FEATURE

Clear blue upright foliage

GROWTH RATE

Slow in winter; moderate spring to fall

WATER

Very low water needs once established

SOIL

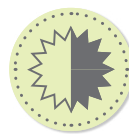

Tolerant of most well-drained soils

FERTILIZE

Low

PRUNE

If needed, trim leaves back to base

FULL SUN
TO PART
SHADE

2-3' H X
1-2' W

ROOT HARDY
TO 10°F USDA
ZONES 8-10
